**Subject:** DTSC News Feed

DTSC News Feed is a weekly email that pulls together short updates and internet links to keep you informed about the latest accomplishments and news highlights at the California Department of Toxic Substances Control (DTSC).

## November 5, 2015

- DTSC is building a storm water diversion system to protect the City of Jackson from the danger posed by a dilapidated 99-year-old dam. See coverage from Fox 40 News, ABC 10 News, CBS 13 News, and KFBK News Radio.
- DTSC has begun cleanup activities in an expanded area of residences impacted by lead emissions from the former Exide Technologies battery recycling facility in Vernon.
- Watch the DTSC video about the Lead Contamination Cleanup of the Preliminary Area of Investigation near the Exide Technologies facility. The Spanish version is here.

Archived versions of DTSC News Feed can be found on the department website.
